3. Confirm Luminor E-Commerce Gateway installation:

   You are about to install Luminor E-Commerce Gateway

   Luminor | Luminor E-Commerce Gateway
   Visit the payment provider website

   Once added, you'll still need to configure Luminor E-Commerce Gateway in your payment settings.

   Cancel   Install payment provider

   This payment provider is not officially supported by Shopify at this time. By proceeding, you are agreeing to the Shopify App Store terms and conditions.

Luminor

4. Go "Settings" -> "Payment providers" -> "Alternative payment methods" -> "Choose alternative payment":

5. In the list find "Luminor E-Commerce Gateway" and press on it.
6. After contract signing with Luminor you should have "Brand ID" and "Secret key".

   Enter those values in settings:

7. Activate "Luminor E-Commerce Gateway":

Additional information

- At checkout process, your buyer will need to select "Luminor E-Commerce Gateway" and press "Complete Order". After that buyer will be redirected to Luminor system to select payment method and complete payment.

Luminor

- It is possible to control which logos are displayed for buyer in Shopify. If you would like not to show some logos, deselect those in settings. **Important:** such action will not turn off some payment method. It controls only logo display for buyer.
